

Lochgelly Centre Technical Specifications 2019

Contact

Andy Farrell
Technician
Andy.Farrell@onfife.com

Technical requirements must be submitted four weeks in advance of any production or rehearsal. Please contact the technical department to discuss matters further. This specification is intended as a guide and not all information shown can always be guaranteed accurate. Most loose items in this list are from a central pool stock and may at times be unavailable. All incoming mains equipment must be tested for electrical safety. Any scenery brought into the theatre must be fire retardant or have been treated accordingly.
